*There are many ways of cooking in Italy, many
recipes, styles and tastes.
Informal, starred, gourmet, regional or home-style
restaurants.*

But have you ever tried a 'brilliant' restaurant?

*Vision of the future, revolutionary creations,
exceptional discoveries and
the obsession to always attempt new feats:
these are the characteristics that reside in Genius.*

*These are the characteristics of Locanda Da Vinci,
the brand new
Italian restaurant in Dubai, named after the only
Italian who dedicated
his life to these values: LEONARDO DA VINCI.*
